### **Message by Chairman**

*Al Haaj Muhammad Afzal*

We believe that children should have a save and stimulating environment in which to develop there awareness and knowledge of the word. We believe that education should be broad based and that the development of positive attitudes and skills is fundamentals to learning. We believe that school has a major role in encouraging children to care, to question and to strive to do the best possible. This evolve the development of social skills and respect for others along side the development of self esteem and self control. We want our children to achieve the highest standard of which they are capable.

## INTRODUCTION

*The International School System (TISS)* is a pragmatic solution to the growing problems of education in Pakistan. The school centrally located with easy access from all main residential colonies of city Sheikhupura. The school has three campuses, Shami Campus situated at 21-Shami Road, Civil Lines, Sheikhupura and Shibli Campus at 60 Shibli Road, Civil Lines, and By-Pass Campus situated at Lahore Road, By-Pass Chowk Sheikhupura with lush lawns and beautiful buildings. The school building includes following:

Class Rooms	Administrative Block
Library	Computer Lab
Book Bank	Swimming Pool
Admission Office	Tuck Shop

The main objective to set up TISS is to implement a new philosophy of education needs of a student in a comprehensive manner, ensuring a high level individual attention. Therefore, *The International School System* is children's needs oriented school.

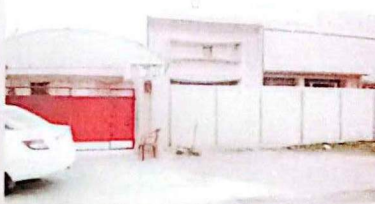

*The International School System* aims to educate a student, his body, mind and sprit. Like fingerprints, every child has his own personality, which greatly differs from person. Keeping above in mind, we would teach every student individually, making the pursuit of knowledge interesting and not an exercise in drudgery and monotony.

School is a place, where the basic grooming of a child is initiated.

*The International School System*  
Works on this principle.

## PHILOSOPHY

*The International School System* is a system of teaching to generate with an IQ of more counts than the previous one.

Our modern generation, as we call it, is exposed to a variety of gadgetries to us a few years ago. To name of few;

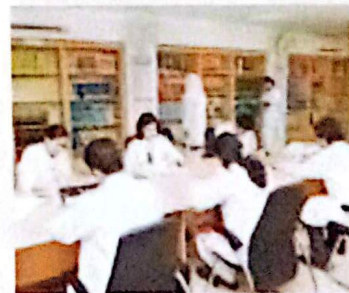

- Personal Computers
- Video Games
- Satellite Channels.

The exposure of the outside world with a constant flow of knowledge to our children is the basic cause of conflict between the ordinary way of education and modern day child. This increasing gap was the driving force that led the educationists to think and conceives to impart knowledge in the most modern and effective ways.

*The international School System* is based on this modern and effective philosophy of teaching.
